Please tell us more about your shooting. For example, how were you introduced to trap; what gun/shells/other equipment do you use; who or what advice did you find helpful; what did you enjoy most about your rookie season; did your family join you on the line; what important lessons did you learn; what would you have done differently; what are your goals?

These questions are suggestions for discussion only; you need not limit your answer to these areas, or you may choose to address entirely different subjects. Any additional information is appreciated and will add depth to the story printed in T&F. Attach separate sheet.
